

АНГЛИЙСКИЕ ИДИОМЫ

Hello, my friends! Do you use English idioms in your speech? If not, you'd better start. Idioms make your English better. This way you're showing a good level of the language. There are lots of idioms in English and it's impossible to know all of them. But you don't have to do it at all. It's important to know several good and most used of them. During your learning you'll learn more and more idioms anyways. And I'm going to help you in it. In this article I'll put many simple and useful English idioms. If you know some good of them too, please leave a comment with your idiom and I'll add it to my list!

What are idioms?

Idiom — it's a set expression which people use in their daily life. As a rule it's very difficult to translate English Idioms properly. We just have to remember them and know their Russian equivalent.

Now I'm going to tell you about two my favorite idioms and in the Russian part of this article you'll find a table with other English idioms and their translation.

My favorite English Idioms:

«Everything that is done is done for the best»

«All in a good time»

Simple and useful. Keep learning English and take care!
