

50 СПОСОБОВ УЛУЧШИТЬ АНГЛИЙСКИЙ

Hello! I've already told you, that the success of learning was always coming along with the hard practise and working on your English. You should always try to use your language! It's impossible just to read a rule and start speaking! If you want to learn real and active conversational English, just try to improve your speaking and listening skills regularly. Make yourself a system of learning and stick to it! And of course don't forget about grammar and vocabulary!

The other day I surfed the Internet and found an article with 101 useful tips to improve English. Not all of them were good, but 50 pieces of advise I liked a lot 😊 So I'd like to share this material with you!

Keep learning English and take care!
