

Наши выходные в Суздале

Hi guys! Two days ago we came back from the wonderful city Suzdal! We spent our weekend there and had a great time! If you want to get away from all this Moscow fuss for awhile and relax, you should go to Suzdal my friends!

Suzdal is a lay-back town that has many interesting places to see. Because of Friday traffic jams it took us 6 hours to get there. It's pretty much, but we didn't get tired of driving at all. When we came to Suzdal the first thing we really liked was its calm and very relaxed atmosphere. That was exactly what we needed.

We stayed in Pushkarskaya Sloboda Resort. Very nice place with good staff and comfortable apartments. We highly recommend this hotel to you!

All weekend long we did the sights. On Saturday we visited the museum of Wooden Architecture, Kremlin in Suzdal and other historical places. If you're in Suzdal don't miss a very good restaurant called «Trapeznays» which is located right inside of Kremlin. There you could taste different kinds of food of the Russian cuisine. Also there is a good restaurant in the center of town that is called «Balzaminov Dvorik» . It's worth visiting too.

On Sunday we went to Spaso-Efimovsky monastery and visited almost all museums there. The weather was sunny and we took nice photos.

In comparison with Moscow Suzdal is not expensive city at all. In spite of the fact that this is a tourist place, prices are normal. We enjoyed our awesome weekend and we'll definitely go there again in Summer!
