

О мультфильмах на английском!

Hello everyone! My friends do you watch cartoons in English? If you don't I recommend that you start watching them! Lately I pay much attention to different animations from Walt Disney! Before I've never thought that cartoons could be so interesting for me! Now I understand I was wrong. After I watched a couple of cartoons with my girlfriend and her younger brother I realized that they're very good and extremely powerful if you watch them in English.

Watching animations in English is the same as watching movies, but vocabulary is much easier there and if you're a beginner in learning English, it's going to be very useful for you to watch them! So you could pick up some easy conversational vocabulary and use it in your speech. Words and phrases in the cartoons are very simple and understandable.

What animations would I recommend that you watch? Here they are:

- 1) Bambi.
- 2) Dumbo.
- 3) Snow White and the seven Dwarfs.
- 4) Cinderella.
- 5) Alice in Wonderland.
- 6) Lady and the Tramp.
- 7) Sleeping Beauty.
- 8) One hundred and one Dalmatians.
- 9) The Jungle Book.
- 10) The Little Mermaid.
- 11) Beauty and the Beast.
- 12) The Lion King.
- 13) Tangled.
- 14) Hercules.

These animations are great and I'm sure you like them very much! So improve your English and watch them one more time in the original language.

How to watch?

- 1) If you need you can use subtitles, but after you watched them a few times with subs, please do it one more time without them.
- 2) Write down all the unknown words and translate them using a dictionary.
- 3) Watch a cartoon as many times as you can to derive the most benefit from it.

That's it guys! Animations are fun and very useful for your English! See you later and take care!
