

Способы сказать «Мне нравится...»

Hi everyone! In this short article I'd like to tell you about good phrases that you can use to tell people about something you like.

1) The first phrase is of course «I like...». The most common phrase which you know very well. For example:

I like playing guitar.

I like Moscow.

I like you.

I don't like to make my bed.

2) The second way to say you like something is «I'm fond of...». For example:

I'm fond of sports.

I'm fond of reading.

3) If you like something very much you can say:

I love listening to music!

I love football.

I adore you.

I adore meeting new people.

4) Also there is a good set expression that I like to use — «to be crazy about smth». For example:

I'm crazy about English!

I'm crazy about traveling!

I'm crazy about you!

That's it my friends. Keep learning English and take care!
