B1 Dialog #42 Talking about age

Hi everyone,

Today we are going to talk about age. As always you can read the text in PDF, which you can find in the description. Follow our podcasts on iTunes and Yandex Music. For more new dialogs subscribe to our channel.

So let's get started!

(1) **Do you like being the age at which you now are? - Вам нравится быть в том возрасте, в котором вы сейчас?**

Yes I do. I think that each stage of our life has some advantages and disadvantages.

(2) **What is the best age to be and why? - В каком возрасте лучше всего быть и почему?**

As I said, all ages are good. I can't say what the best age is. Maybe when I get older, I will change my mind. We will see.

(3) **Do you worry about getting older? - Вы беспокоитесь о том, что становитесь старше?**

Sometimes. But I don't like thinking about it too much. Life is not endless. I understand it very well. So it doesn't make much sense to worry about getting older.

(4) **Do you look your age? - Ты выглядишь на свой возраст?**

I think I do. I am 30 years old. Guys do you think I look my age? Leave us a comment!

(5) **Do you think scientists can slow the ageing process? - Как вы думаете, могут ли ученые замедлить процесс старения?**

I've read some articles about that. For now it's not possible yet, but people work on it. Maybe in the future scientists will find a way to slow the ageing process.

(6) **Why do some people seem to age faster than others? - Почему некоторые люди стареют быстрее, чем другие?**

People are genetically different. I think it's the main reason. Bad habits like smoking or drinking can affect the ageing process as well.

(7) **Until what age would you like to live? - До какого возраста вы хотели бы дожить?**

Until my brain is still working well. I don't want to bring too many difficulties to my relatives because of my age.

(8) **Are there any age groups you currently don't like? - Какие возрастные группы вам сейчас не нравятся?**

I don't know. I don't have any age groups that I don't like.

(9) **What is the best age to get married? - В каком возрасте лучше всего выходить замуж/жениться?**

I think 25 years old is a good age to get married. But it might be different for different people. Some people get married earlier, some people later.

(1) **Do people respect the aged in your country? - Уважают ли в вашей стране пожилых людей?**

Absolutely. The aged people are respectful in Russia.

(2) **How have you aged in the past ten years? - Как вы постарели за последние десять лет?**

Not much I think. Many people say that I look pretty young.

(3) **Do you mind being asked your age? - Не возражаете, если вас спросят, сколько вам лет?**

I do mind. I am a girl and I would prefer to keep my age a secret.

(4) **What do you think your old age will be like (or what is it like)? - Как вы думаете, какой будет ваша старость (или на что она похожа)?**

I hope it will be good. I don't know. It is a sad question.

(5) **Do you agree that you can never be too old to start something new? -**

Согласны ли вы, что никогда нельзя быть слишком старым, чтобы начать что-то новое?

Yes I do. Most important thing is how people feel. And of course it's never too late to start something new.

(6) **What do you least like (like most) about getting older? - Что вам меньше всего (нравится больше всего) в старении?**

We get smarter and wiser. I like it. What I don't like is that we don't have so much energy anymore. It makes me sad.

(7) **Would you like to turn back the clock? - Хотите повернуть время вспять?**

Sometimes. Who knows, maybe one day it will be possible.
