

Движение — это жизнь!

Hello my friends! I've got pretty much to share with you in this article. A lot of things happened to me in the last month. So let me tell you about them a little bit today.

1) Business trip to Germany.

Yes! In the end of October I'm going to visit the main factory of our company which is located in the village called Allendorf. It was pretty good news for me! I've never been to Germany and it's going to be very interesting to see how our equipment is produced! I hope that I'll enjoy the trip and will get good experience! I'm not going there alone, but with a group of my colleagues and partners from different companies. So it's going to be pretty cool.

2) We bought a dog!

Yes indeed my friends. Two weeks ago my parents and I bought a puppy of a French Bulldog. We've already had such a breed of dog. But a few months ago he died. It was a hard time for us to be honest. If you have a dog you can understand me. He was 12 years old.

Our new one is a sweetest boy! We called him Oscar. We didn't think too much about a breed of a new dog. For my mother there are no other dogs except French Bulldogs. Everyone who's ever had them can't live without these creations anymore.

3) We celebrated our 4 years with Ann.

More than 4 years already we've been getting together with Ann. To celebrate this occasion we went to a restaurant. You might think it's boring but hold on. It was not a common restaurant at all! It's called «In the Dark». So it was completely dark inside! Can you imagine a supper without even knowing what you're eating? It was very interesting and nice experience. When you're in the dark you feel so relaxed! They play good music there and all the servants are blind! We liked the restaurant and highly recommend you to try it! Prices are pretty high but it's worth it for sure. All food is very delicious. In the end of supper you're given a menu where you can find out what exactly you were eating and test your taste qualities!

4) Attending a Dance School.

One month ago Ann and I decided to try ourselves in the Latin dances. I like dancing, but I'm not good in it at all. So we started going in the Latin dance school and had two classes already! Guys I can't express how much we liked that! Now we learn to dance salsa. It's a very active, emotional and beautiful dance!

I called this article «Emotions are created by motion!». That's true my friends! And dancing is one of the best ways to start feeling very good and a bit more happy! It's a great way to relax after a work day and get a heap of good emotions! I'm so excited after our two classes and of course we're going to keep it! Because Latin dances are amazing!

5) Weekend in Suzdal.

We're going to spend a weekend in this wonderful Russian city. We've already booked a hotel for 17-20 of October. We've never been to Suzdal before, but heard a lot of good comments from people who've been there. So I hope we'll enjoy the city.

That's all I wanted to share with you my friends. Have a nice weekend and take care!
